THE PEOPLE'S FORUM

Editor Review-Advertiser:—

Dear Sir:—In your issue of the 28th of October they appeared an article in your paper dealing with what was considered the inhuman treatment accorded to Mr. Atkinson in not supplying him with water at a time that he was under quarantine and when the water main was broken that supplied the citizens on the east side of the railway. Your article stated that a condition of this kind needed an investigation.

Since that time two courageous gentlemen, signing themselves "Citizen," have apparently made an investigation of their own and have offered an exposition of their facts through the medium of your paper, as well as injecting a little poison on their own account.

Their letters are very interesting and would be quite serious if the information that they have offered could by any stretch of the imagination be founded on facts. Can anyone conceive of a man living in a town, with a telephone at his hand, his own son not in quarantine and only a block away and numerous other relatives and friends readily accessible by ringing the bell on the telephone, suffering (and his little children) from thirst and lack of water. I would submit that if this were true that it would be a much greater reflection on the man's own relations and friends than on the Mayor of his town, and surely it would be a reflection on the man himself. Of course it is ridiculous to even contemplate that such a condition could exist.

The facts are these: At 4:30 the water main opposite Mr. Atkinson's residence burst and at 5 o'clock the water was turned off. Mr. Atkinson was for a number of years a member of the Council of the town and should have realized that it was the customary thing for the town to turn the water off in order to repair the leak and should have drawn off sufficient water for his needs and for which he had ample time, but apparently this was not done in this instance. The next morning Mr. Atkinson demanded water from the town and the Mayor went to Mr. Atkinson's son and he promised to take water to his father. Before the water arrived Mr. Atkinson telephoned his physician, who in turn telephoned the Deputy Mayor. The Deputy Mayor or telephoned the Secretary and he advised that Mr. Atkinson's son was taking the water to his house. Mr. Atkinson was not satisfied with this and it would appear that he wanted to have the Mayor take the water to him in person, and apparently through that endeavor this correspondence has arisen.

The water was turned on at noon, the water having been off since the following evening at 5 o'clock.

I trust you may give the same publicity to this letter that you did to the previous correspondence, and thanking you for the space in your paper, I am,

Yours sincerely,
Geo. W. Ringrose,
Mayor,
Town of Claresholm.

IN MOTOR ACCIDENTS**Last Saturday night was un-
lucky for Clareisholm motorists.
The first accident was south of
Parkland when J. F. Hagerman
and his son on their way home
met Mr. Wilford in a democrat
leading a number of horses. The
snow was blowing and in passing
the car, one of the horses jumped
over the car, damaging the radio-
tor, breaking the windshield and
knocking off the steering wheel.
The halter rope jerked the horse
so that he fell on the team and
dashboard of the democrat. Mr.
Hagerman received scratches on
the face. The others report no
injuries.The second accident was the
overturning of the sedan car of
Cecil Harvey, of Langston &
Harvey, grocers. It happened at
the Hagerman turn south of
Parkland. In the car were Mr.
and Mrs. Harvey, Mr. and Mrs.
Langston and son Gordon, Fred
Watkins and Leslie Sterling.
They left Clareisholm at 11:30 on
Saturday night for Calgary. The
snow, however, made the travel
dangerous, and in making the
turn the car hit an icy surface
and skidded, finally turning on its
side. Five of the seven passen-
gers were hurled through the
roof. Messrs Harvey and Wat-
kins remained inside the car. In
spite of the upset no one was se-
riously injured. Beyond the top
no injury was done to the car.
The party returned and spent
their Thanksgiving holiday at
home—very thankful for their es-
cape.Wintery weather has put a stop
to threshing operations for the
present. About five inches of
snow fell over the week end and
some snow has fallen since then.
There has been a sharp drop in
temperature, local thermometers
showing 7 below zero this morn-
ing. This is the first zero weath-
er of the winter.**Dr. J. A. Mullin**
